## WILLKOMMEN BEI DER FIBO

 Vier Tage voller Innovation, Inspiration und intensiver Begegnungen liegen vor uns. Die FIBO ist erneut der internationale Treffpunkt der Fitness-, Wellness- und Gesundheitsbranche. Wir freuen uns sehr, dich in Köln begrüßen zu dürfen.

Die FIBO ist weit mehr als eine Messe – sie ist Impulsgeber, Netzwerkplattform und Innovationsmotor zugleich. Hier treffen Entscheider:innen, Studiobetreiber:innen, Trainer:innen, Investor:innen, Industriepartner und Fitnessbegeisterte aufeinander, um Trends zu entdecken, Strategien zu schärfen und neue Partnerschaften zu schließen. Die enorme Vielfalt an Ausstellern, Marken und Erlebnisformaten macht die FIBO zu einem einzigartigen Branchenevent.

Ein zentrales Highlight ist 2026 erneut der FIBO Congress. Als führende Wissens- und Weiterbildungsplattform vereint er

hochkarätige Speaker:innen, wissenschaftlich fundierte Inhalte und praxisnahe Best Cases. Hier entstehen die Ideen, die den Markt von morgen prägen werden. Das Programm wird durch zwei zukunftsweisende Formate ergänzt: den Longevity in Hospitality Summit, der neue Potenziale an der Schnittstelle von Gesundheit und Hotellerie beleuchtet, sowie den Women's Leadership Summit, der weibliche Führung und Diversität in unserer Branche stärkt. All dies sowie zusätzliche Fachthemen wie Digitalisierung, Investment und Corporate Health finden in der Confex Hall und in Halle 1 statt. Dadurch wird die B2B-Achse von den Nordhallen verlängert und wichtige Impulse für nachhaltiges Wachstum gesetzt. Auch im B2C-Bereich bietet die FIBO starke Erlebnisse. Neue Flächen für den Breitensport mit Golf und Padel zeigen die Vielfalt moderner Bewegungsangebote. Der Creator Hub verbindet Community, Marken und Social Media. Mit

einer Präsenz in gleich zwei Hallen setzen ESN, More Nutrition und Oace eindrucksvolle Akzente im Bereich Sports Nutrition, während die FIBO Championships und All Inclusive Fitness HYROX Köln für emotionale Wettkampfmomente sorgen.

Die FIBO und der DSSV stehen gemeinsam für eine starke, verantwortungsbe-

wusste und zukunftsorientierte Branche. Fitness ist ein unverzichtbarer Bestandteil gesellschaftlicher Gesundheitsvorsorge – und die FIBO macht diese Relevanz sichtbar.

Wir wünschen dir inspirierende Begegnungen, wertvolle Impulse und ein rundum erfolgreiches Messeerlebnis.

## WELCOME TO THE FIBO

Four days full of innovation, inspiration, and intense encounters lie ahead of us. FIBO is once again the international meeting place for the fitness, wellness, and health industry. We look forward to welcoming you to Cologne.

FIBO is much more than just a trade show – it is a source of inspiration, a networking platform, and a driver of innovation all at once. This is where decision-makers, gym operators, trainers, investors, industry partners, and fitness enthusiasts come together to discover trends, hone strategies, and forge new partnerships. The enormous variety of exhibitors, brands, and experience formats makes FIBO a unique industry event.

A central highlight will once again be the FIBO Congress. As a leading knowledge and training platform, it brings together top-class speakers, scientifically sound content, and practical best cases. This is where the ideas that will shape tomorrow's market are born. The program is complemented by two forward-looking formats: the Longevity in Hospitality Summit, which highlights new potential between health and the hotel industry,

and the Women's Leadership Summit, which strengthens female leadership and diversity. All this, as well as additional specialist topics such as digitalization, investment, and corporate health, will take place in the Confex Hall and Hall 1. This extends the B2B axis from the north halls and provides important impetus for sustainable growth. FIBO also offers powerful experiences in the B2C sector: new areas for popular sports such as golf and padel demonstrate the diversity of modern exercise options. The Creator Hub connects community, brands, and social media. With a presence in two halls, ESN, More Nutrition and Oace are making an impressive mark in sports nutrition, while the FIBO Championships and All Inclusive Fitness HYROX Cologne provide emotional competitive moments.

FIBO and the DSSV jointly stand for a strong, responsible, and future-oriented industry. Fitness is an indispensable part of social health care – and FIBO makes this relevance visible.

We wish you inspiring encounters, valuable ideas, and an all-around successful trade show experience.

## Longevity in Hospitality Summit

 Ein Highlight der FIBO wird auch in diesem Jahr der Longevity in Hospitality Summit: international, inspirierend und konsequent auf die Zukunft der Hospitality-Branche ausgerichtet. Der englischsprachige Summit findet am Donnerstag, den 16. April, im Confex statt. Im Mittelpunkt stehen die zentralen Themen, die den globalen Longevity-Boom prägen: Schlaf, Ernährung, Bewegung, Recovery, mentale Gesundheit und ganzheitliches Wohlbefinden.

### Der wachsende Markt „Longevity“

Die FIBO setzt damit ein starkes Zeichen für einen Markt, der laut UBS bis 2030 auf 8 Billionen US-Dollar anwachsen wird. Für Hoteliers, Medizinerinnen und Mediziner, Spa- und Wellnessverantwortliche sowie Betreiberinnen und Investoren eröffnet Longevity neue Wege,

Gästeerlebnisse profitabel weiterzuentwickeln und sich strategisch neu zu positionieren. Begleitet wird der Summit 2026 erneut von einem internationalen Advisory Board mit Judith Cartwright (Black Coral Consulting), Yves Preissler (Yves Preissler Consulting), Andrew Gibson (Andrew Gibson Advisory) und Franz Linser (Linser Hospitality).

### Mental Health in der Hospitality-Zukunft

Ein Highlight des Longevity in Hospitality Summit 2026 ist die Keynote von Dr. Smith Johnston, Flight Surgeon/Aerospace Medicine bei Timeshifter/NASA. Unter dem Titel „The biggest opportunity in hospitality? Connecting space, people, and purpose into healing environments“ rückt Dr. Johnston die mentale Gesundheit als Erwartung moderner Gäste in den Fokus.

Der Summit bringt führende Köpfe aus Hospitality, Health, Wellness und Investment zusammen und zeichnet ein klares Bild davon, wie Longevity die Branche in den kommenden Jahren verändern wird. Die Opening Keynote von Anna Bjurstam (Six Senses) zeigt den Paradigmenwechsel von klassischem Wellness hin zu einem integrierten Longevity-Ökosystem. Netzwerksessions, ein gemeinsamer Lunch sowie ein exklusives Dinner am Abend schaffen Raum für intensiven Austausch, neue Partnerschaften und unvergessliche gemeinsame Erlebnisse.

 One of the highlights of FIBO this year will once again be the Longevity in Hospitality Summit: international, inspiring and consistently focused on the future of the hospitality industry. The English-language summit will take place on Thursday, 16 April at Confex. The focus will be on the key topics shaping the global longevity boom: sleep, nutrition, exercise, recovery, mental health and holistic well-being.

### The growing longevity market

FIBO is thus sending a strong signal for a market that, according to UBS, will grow to 8 trillion US dollars by 2030. For hoteliers, medical professionals, spa and wellness managers, operators and investors, longevity opens up new ways to profitably develop guest experiences and strategically reposition themselves. The 2026 summit will once again be accompanied by an international advisory board comprising Judith Cartwright (Black Coral Consulting), Yves Preissler (Yves Preissler Consulting), Andrew Gibson (Andrew Gibson Advisory) and Franz Linser (Linser Hospitality).

### Mental health at the heart of the future of hospitality

One highlight of the Longevity in Hospitality Summit 2026 is the keynote speech by Dr Smith Johnston, Flight Surgeon/Aerospace Medicine at Timeshifter/NASA. Under the title 'The biggest opportunity in hospitality? Connecting space, people, and purpose into healing environments', Dr Johnston focuses on mental health as a key expectation of modern guests.

The summit brings together leading minds from hospitality, health, wellness and investment and paints a clear picture of how longevity will change the industry in the coming years. The opening keynote by Anna Bjurstam (Six Senses) highlights the paradigm shift from classic wellness to an integrated longevity ecosystem. Networking sessions, a joint lunch and an exclusive dinner in the evening create space for intensive exchange, new partnerships and unforgettable shared experiences.

FIBO is supported by the following partners: 101 Besten, ahgz, DEHOGA, Deutsche Longevity Gesellschaft, Deutscher Medical Wellness Verband, Deutscher Wellness Verband, Huckenbeck Holistic Health, Longevity Wellness Association, Mein Tophotel, Spa Business, SpaCamp, Tophotel.

Tickets für den Longevity in Hospitality Summit 2026 erhalten Sie über den FIBO Ticketshop.

## WOMEN'S LEADERSHIP SUMMIT 2026

 Am Freitag, den 17. April, steht die FIBO ganz im Zeichen von Female Empowerment. Der Women's Leadership Summit bietet ein exklusives Forum für Frauen, die die Fitnessbranche prägen und gestalten. Dafür arbeitet die FIBO mit The Collective zusammen.

Das Programm des Women's Leadership Summit ist so vielfältig wie die Teilnehmerinnen selbst:

Nach einem belebenden Morning Walk in Köln, geht es für die Teilnehmerinnen mit einer Guided Exhibitor Tour in die Messehallen der FIBO. Beim Ladies Lunch am Mittag steht dann wieder der Austausch und Networking im Mittelpunkt.

Feierlich wird es mit der Vergabe des RX Female Awards powered by FIBO. Bereits zum vierten Mal werden herausragende Frauen in den Kategorien Youngster und Role Model ausgezeichnet.

Der Panel Talk mit Karo Kauer und Judith Williams liefert Inspiration pur. Am Nachmittag warten dann spannende Keynotes: **Judith Williams**, eine der erfolgreichsten Unternehmerinnen und Investorin aus ‚Die Höhle der Löwen‘ wird in ihrer Keynote „How to Win Over a Shark“ exklusive Einblicke in die Welt der Investments und Entscheidungsprozesse auf höchstem Niveau geben.

**Karl Foster**, Head of AI bei Sport Alliance schließt mit seiner Keynote „Achieving ROI in AI in the Health & Fitness Industry“ an.

**Anna Mathur**, Psychotherapeutin, Autorin und Podcast-Host von The Therapy Edit, spricht in „The Case for Slowing Down“ über die Bedeutung von Erholung und klaren Grenzen für Führungskräfte.

Jeder Moment des Women's Leadership Summit ist darauf ausgerichtet, Frauen zusammenzubringen, die schon jetzt, die Zukunft von Gesundheit, Fitness und Wellness führen, gestalten und neu definieren.

On Friday, April 17, FIBO will be all about female empowerment. The Women's Leadership Summit offers an exclusive forum for women shaping and redefining the fitness industry. To bring this vision to life, FIBO is collaborating with The Collective Network.

The program of the Women's Leadership Summit is as diverse as its participants:

After an invigorating Morning Walk through Cologne, attendees will head to the FIBO exhibition halls for a Guided Exhibitor Tour. At the Ladies' Lunch in the afternoon, the focus will once again be on networking and exchanging ideas.

The event will take a celebratory turn with the presentation of the RX Female Awards powered by FIBO. For the fourth time, outstanding women will be honored in the categories of Youngster and Role Model.

The Panel Talk featuring Karo Kauer and Judith Williams promises pure inspiration. The afternoon will then feature exciting keynotes:

**Judith Williams**, one of the most successful entrepreneurs and investors from Germany's Shark Tank (Die Höhle der Löwen), will deliver her keynote, "How to Win Over a Shark", offering exclusive insights into the world of investments and high-level decision-making.

**Karl Foster**, Head of AI at Sport Alliance, will follow with his keynote, "Achieving ROI in AI in the Health & Fitness Industry", exploring how artificial intelligence is driving value in the sector.

**Anna Mathur**, psychotherapist, author, and host of The Therapy Edit podcast, will speak on "The Case for Slowing Down", highlighting the importance of recovery and setting boundaries for leadership performance.

Every moment of the Women's Leadership Summit is designed to bring together women who are already leading, shaping, and redefining the future of health, fitness, and wellness.

 Im Rahmen der FIBO werden auch 2026 herausragende Frauen der Fitness-, Wellness- und Gesundheitsindustrie mit dem RX Female Award ausgezeichnet. Der Award wurde ins Leben gerufen, um die weibliche Perspektive in der Fitness-, Wellness- und Gesundheitsbranche besser sichtbar zu machen und ein wichtiges Zeichen für mehr Diversität, Gleichstellung und Vernetzung in einer sich wandelnden Branche zu setzen.

Bereits zum vierten Mal wird FIBO-Veranstalter RX Germany außergewöhnliche Frauen, die mit ihrem Engagement und ihrer Innovationskraft herausragen, in den beiden Kategorien „Youngster“ und „Role Model“ mit dem RX Female Award auszeichnen. Die Auswahl der Preisträgerinnen erfolgt auch in diesem Jahr durch eine renommierte Jury, die aus führenden Persönlichkeiten der Fitness- und Gesundheitsbranche besteht.

 As part of FIBO, outstanding women in the fitness, wellness and health industry will once again be honoured with the RX Female Award in 2026. The award was created to raise the profile of the female perspective in the fitness, wellness and health industry and to send an important signal for greater diversity, equality and networking in a changing industry.

For the fourth time, FIBO organiser RX Germany will honour exceptional women who stand out for their commitment and innovative strength with the RX Female Award in the two categories ‘Youngster’ and ‘Role Model’.

This year, the winners will once again be selected by a renowned jury consisting of leading figures from the fitness and health industry.
